

FAQ

Q1: What's your product?

Wall stickers, hologram stickers, paper stickers, car stickers, PVC/vinyl stickers, 3D stickers, multiple layer stickers, foam stickers, sponge stickers, epoxy stickers, tattoo stickers, lenticular stickers, NFC stickers, luminous stickers, gel stickers, puffy stickers, rhinestones stickers, crystal stickers, fridge magnets, soft PVC label, Silicone label and other printing & packaging products, like Christmas handicraft, PVC box, PVC bag, paper bag, non woven bag, greeting card, etc.

Q2: Are you a manufacturer?

Yes. We are located in Chinese biggest printing & packaging industry area and have provided professional service since 2009.

Q3: Do you have products in stock?

We have various products series, most of them are not in stock, we mainly do OEM service. That means size, material, quantity, design, packaging will depend on your requests. However, we also prepare stock for some items, like wall stickers.

Q4: What information should I let you know if I want to get a quotation?

Please provide size, material, printing colors, order quantity, design artwork if possible and other your special requirement.

Q5: When we create artwork, what kind of format is available for printing?

We need vector file or high quality design artwork. The PDF, CDR, AI, PSD are all available. Make resolution no less than 300DPI, the higher, the better. The bleeding size can be 3-5mm.

Q6: How many days will sample be finished? How about the mass production?

Generally speaking, it takes 3-7 days for samples making. It depends on type of product and requirement. The lead time of mass production also depends on quantity type. For example, 10-15 days for 100000pcs die cut stickers.

Q7: Do you inspect the finished products?

Yes. Each step of production and finished products will be carried out with inspection by QC department before shipment.

Q8: How do you ship the finished products?

By sea, air, land. Or sometimes use Couriers, like TNT, DHL, FEDEX, UPS for small cargo.

Q9: What advantages do you have?

1. Punctual. Have your orders met with late delivery? We are a manufacturer, it ensures we have ability to carry out production schedule for punctual delivery.
2. Strength. The most advanced international 5-color Heidelberg full-automated

offset printing presses, computer-controlled 12-color printer, wide 7-color Fuji Rotogravure Printing Machine (Max. printing area is 2.05*1.7M), Japan solar 8+1 full rotation speed printing presses, and we can provide various sticker products in numerous specifications as per requirement of clients'. Moreover, we have plenty of skilled workers who have enough ability to achieve some complex handicraft products with high quality assurance in effective way.

3. 6-year Experience. That means that we can preview the problems for orders and production. Therefore, it will make sure to reduce the risk of bad situation to happen.
4. Point to point service. There is one sales representative who will serve you from inquiry to products shipped out. During the process, you just need to discuss with him for all the problems and this way saves your much time.
5. Strict QC. For each order, strict inspection will be carried out by QC department before shipment. The bad quality and situation will be avoided within door.
6. Stable Suppliers. We have worked with many accessory and original material suppliers for many years, so we can get cheaper material stock, ink and other accessories in good quality and with better price provided.
7. Smooth Shipping. We have professional shipping department and forwarder, so we can promise faster delivery and make the goods well protected.
8. Customers all over the world. Enough experience in foreign trade, we have many customers in Australia, USA, Japan, Germany, UK, etc.
9. Certificates. ISO certificate, SGS testing reports and other files can guarantee the production process in good orders and products in high quality.
